

# Disaster drill log

Child care programs must conduct regular fire evacuation drills and drills for other disasters such as earthquakes, power outages, flooding, active shooter threats, etc.

Drills may be scheduled in advance but must take place on varying days and at varying times.

| Type of drill | Date/time | Evacuation length | Children present | Supervisor |
|---------------|-----------|-------------------|------------------|------------|
|               |           |                   |                  |            |
|               |           |                   |                  |            |
|               |           |                   |                  |            |
|               |           |                   |                  |            |
