

R432. Health, Family Health and Preparedness, Licensing.

R432-105. Specialty Hospital - Orthopedic.

R432-105-1. Authority.

This rule is adopted pursuant to Title 26, Chapter 21, Health Care Facility Licensing and Inspection Act.

R432-105-2. Purpose.

The purpose of this rule is to promote public health and welfare through the establishment and enforcement of licensure standards. This rule sets standards for the operation and maintenance of an orthopedic specialty hospital.

R432-105-3. Time for Compliance.

Each Orthopedic Specialty hospital shall be licensed and in full compliance with Rule R432-105.

R432-105-4. Definitions.

- (1) The definitions in Section R432-1-3 apply to this rule.
- (2) The following definitions also apply:
 - (a) "Ancillary Services" are services that support clinical services and are usually diagnostic in nature. They do not require direct care or oversight by a nurse or physician including labs, radiology, cardiac testing, outpatient services, and diabetic teaching.
 - (b) "Blood bank" means a facility that combines the functions of a donor center and transfusion service within the same facility.
 - (c) "Clinical Services" are provided by licensed physicians or nurses or under their direct care and supervision.
 - (d) "Donor center" means a facility that procures, prepares, processes, stores, and transports blood and blood components.
 - (e) "ICD-10-CM" means International Classification of Diseases, 10th revision, Clinical Modification.
 - (f) "Orthopedic Specialty Hospital" means a specialty hospital that provides evaluation, diagnosis, and treatment of individuals with primary diagnoses of musculoskeletal disorders and injuries as defined in the Orthopedic ICD-10-CM.
 - (g) "Specialty hospital" means the same as in Subsection R432-101-4(2)(a).
 - (g) "Transfusion service" means a facility that may prepare blood components, but also stores, determines compatibility, transfuses blood and blood components, and monitors transfused patients for any adverse effects.

R432-105-5. Licensure.

In accordance with Rule R432-2 a license is required to operate an orthopedic specialty hospital.

R432-105-6. General Construction Rules.

Rule R432-11, Orthopedic Specialty Hospital Construction Rule additionally applies for licensure of an orthopedic specialty hospital.

R432-105-7. Organization and Staff.

The following services and policies shall comply with Rule R432-100:

- (1) Administrator, Section R432-100-6.
- (2) Medical and Professional Staff, Section R432-100-7.
- (3) Nursing Care Services, Section R432-100-13.
- (4) Personnel Management Service, Section R432-100-8.
- (5) Infection Control, Section R432-100-10.
- (6) Quality Improvement Plan, Section R432-100-9.
- (7) Patient Rights, Section R432-100-11.
- (8) Governing Body, Section R432-100-5.

R432-105-8. Admission Policy.

- (1) An orthopedic specialty hospital is limited to serving patients that meet the following criteria:
 - (a) Each patient shall have a primary admitting diagnosis that requires evaluation, diagnosis, and treatment of a musculoskeletal disorder or injury; and
 - (b) there is a reasonable expectation that the patient's needs can be met by the services provided by the orthopedic specialty hospital.

R432-105-9. Clinical Services.

Clinical services shall comply with the following sections of Rule R432-100:

- (1) Surgical Services;
- (2) Critical Care Unit;
- (3) Outpatient Services; and
- (4) Pediatric Services.

R432-105-10. Emergency Services.

(1) Each specialty hospital shall have the ability to provide emergency first aid treatment to patients, staff, visitors, and to those who may be unaware of or unable to immediately reach services in other facilities.

(2) Provisions shall include the following:

- (a) a treatment room;
- (b) storage for supplies and equipment;
- (c) provisions for reception and control of patients;
- (d) convenient patient toilet room; and
- (e) communication access to a poison control center.

(3) Any additional or expanded emergency services offered shall comply with each provision listed under Section R432-100-17.

R432-105-11. Complementary and Ancillary Services.

If offered, the licensee shall comply with the applicable sections of Rule R432-100 for the following services:

- (1) Anesthesia Services;
- (2) Blood Services;
- (3) Central Supply;
- (4) Dietary;
- (5) Emergency and Disaster Plans;
- (6) Housekeeping Services;
- (7) Laboratory and Pathology;
- (8) Laundry;
- (9) Maintenance Services;
- (10) Medical Records;
- (11) Pharmacy;
- (12) Radiology;
- (13) Respiratory Care; and
- (14) Social Services.

R432-105-12. Penalties.

Any person who violates any provision of this rule may be subject to the penalties enumerated in Sections 26-21-11 and R432-3-6 and be punished for violation of a class A misdemeanor as provided in Section 26-21-16.
